### COURT LAYOUT

**Set up at the start**  
(more hands helping faster we can warm up and sooner we can get playing)

You are welcome to jump on a court and warm up.

### OUR GAMES

Games are made up by volunteers so feel free to help out,  
we are always happy for you to help out.

Games are normally doubles to give as many people a  
chance to be on the court.

We have both mixed and doubles  
We generally play with Nylon Shuttles not Feathers.

**Typically, games run for 9 mins.**

**If you are planning to leave before the end we ask that you either let the person making the games that you plan to leave with 2 games notice, or simply put a line after the game you wish to play.**

**Games are called out and you can choose to partner with whomever.**

**We ask that you respect the volunteers who are making the games and when games are called, we ask that you respect the caller and listen to the games being called as it can be hard to hear over talking.**
